

Otto Bock HealthCare Announces Employee Promotion in Business Services

Minneapolis, MN – Otto Bock HealthCare announces the promotion of employee Todd Anderson, CP, FAAOP, to the new position of Vice President of Business Services. Formerly the Vice President of Professional and Clinical Services, Anderson was responsible for the delivery of quality, hands-on education experiences including product courses, general education, technical support and specialized consultation. In his new role, Anderson will retain overseeing Professional and Clinical Services and take on the added responsibilities of Cooperative Care/Innovation Center and Fabrication Services.

Anderson's industry experience includes a strong clinical history. He received his Bachelor's Degree from the University of Wisconsin-LaCrosse and received his prosthetic education at Century College in White Bear Lake, MN. He practiced at Northwestern Artificial Limb and Brace in Minneapolis, ACME Labs in Green Bay, WI, and Shriner's Hospital for Children in Minneapolis. He joined Otto Bock in 1999 and received his FAAOP in 2001.

"Todd's leadership and vision has been a continuous asset to Otto Bock since he joined the company over ten years ago," says Brad Ruhl, President & CEO, Otto Bock US HealthCare. "He has played an integral role in Otto Bock's success and we look forward to his valued contributions in his new position."

###

Minnesota-based Otto Bock HealthCare LP was established in 1958 as the Americas corporate headquarters of Otto Bock HealthCare, GmbH, based in Duderstadt, Germany. Otto Bock has more than 4,000 employees worldwide and produces over 40,000 types of prosthetic and orthotic components, mobility and rehabilitation products, and is the U.S. leader in delivering continuous passive motion (CPM) services and related therapies.
